A Severe Hail Storm.

Particles of Ice Several Inches Thick.

FOLLOWED BY A DELUGE OF RAIN

The Loss to Fruit and Crops Will Reach Over a Million Dollars—Buildings Blown Down During the Storm—Other Property Damaged.

BALTIMORE, May 15.—The Sun's special from Norfolk says: About 3 o'clock yesterday afternoon one of the most severe hail storms that ever struck this section passed over Norfolk and Portsmouth and vicinity. Ice particles of extraordinary size came down with the hail, and several inches of hail lay in drifts before the deluge of rain that followed carried it away. The shade trees of the streets and the flowers and vegetable gardens were badly wrecked.

In the country the truck farms were torn up, the strawberries, peas, cabbage and other crops being ruinously beaten to the ground. The vineyards and orchards suffered severely, vines and trees being cut terribly and the fruit destroyed. Many of the truckers express themselves as ruined for the season. A swath five or six miles broad was cut through Norfolk and Nonsmud counties by the storm. The truckers all around the Hodges' ferry section and between the western branch river and Portsmouth lost everything. The loss will probably reach a million dollars, and it is too late now to attempt to recover.

Yesterday morning about 2 o'clock a terrific hail storm and rainfall swept over Southampton county, in the vicinity of Newsum's depot, and the growing crops and orchards were badly damaged by large pieces of ice and the great quantity of it. The drifts of hail were twenty-four inches deep in some places, and twelve hours after the storm the drifts were over six inches in depth. The barn of Mr. W. S. Francis was blown down by the wind and demolished and three horses killed. Other farmers suffered in damage to their buildings. Late yesterday afternoon a hail storm struck the great bridge section of Norfolk county, and the hail stones to a considerable extent were as large as pullet eggs.

The potatoes and vegetable gardens were damaged. Three men at work in a field beyond Deer creek during the same storm were struck by lightning and badly injured.

From Dumville, Va., comes this report: The severest cyclone known here passed over this city at 3:30 o'clock yesterday, doing considerable damage to fences, trees, roofing and fruit.

In Dumville three tobacco factories were unroofed, the bridge over the Dum river damaged, a house in course of construction was blown down, the colored Baptist church blown down, the roof on the storage warehouse partially blown off, and Lee's tobacco warehouse was damaged. The shed over the brick mill was blown on N. A. Fitzgerald, the proprietor, seriously injuring him. The cyclone was accompanied by rain and slight hail, lasting fifteen minutes.

Meeting of the Board of Health.

BALTIMORE, May 15.—The annual meeting of the Maryland state board of health was held yesterday afternoon. Among other business transacted was the adoption of a resolution to co-operate with other state boards of health to secure the passage of a law absolutely prohibiting the transportation of bodies of persons who have died from smallpox, Asiatic cholera, leprosy, typhus or yellow fever, and to compel those forwarding bodies that died of diphtheria, scarlet fever or any other infectious disease to properly prepare and encase them in order that passengers won't be exposed to the dangers arising from the proximity of their baggage to the bodies, when transported in baggage cars.

The Wabash Railroad to be Sold.

CHICAGO, May 15.—The foreclosure sale of the Wabash railroad will take place to-morrow. There is no possibility, it is said, of a postponement. It is now thought that the upset price will not be bid for the division running from Toledo to the Indiana state line, and in that event it will be necessary to get a change in decree of sale. It is reported that the Alton will bid for the Hannibal and Naples division, and that the Illinois Central wants the East St. Louis and Decatur division. It is believed to be certain, however, that the Wabash purchasing committee will take the entire property.

Knocked Out in Two Minutes.

NEW YORK, May 15.—Jack McAuliffe, the light-weight champion, knocked Paddy Smith, of Brooklyn, out in less than two minutes, at the Casino in Brooklyn last night. He knocked Smith all over the ring, and the first blow made Smith silly, and after a few more punches he dropped over the ropes like a limp rag, and the police stopped further proceedings.

An Insurance Man Suicides.

No Charge Against Boulanger.

PARIS, May 15.—The XIX Siccle states that the court of senators empowered to try Gen. Boulanger, cannot frame a special charge against the general, and it is proposed to enter a nolle prosequere in his case. The Journal believes that the case against the general will fail, and that the prosecution of M. Henri Rochefort will be abandoned.

CIVIL SERVICE COMMISSION.

Mr. Lyman Has Been Elected President of the Board.

WASHINGTON, May 15.—There has been a change in the office of the civil service commission. Mr. Lyman has been elected president of the board. When the civil service commission was first organized the commissioners in rotation presided at board meetings. Under the last administration Mr. Edgerly was chosen president. The three commissioners yesterday called on the president and paid their respects.

The commission has heard from Oklahoma. One of the applications that came in the mail yesterday was from an Oklahoma man, who wants to know when an examination will be made at Guthrie.

The mail brings several hundred letters a day to the commission. Yesterday the record reached 800 letters. Every day recently from 200 to 300 applications for examination for appointment in the railway mail service have been received.

Buying the Breweries.

DETROIT, Mich., May 15.—An English company bought out Munn's, Michener's, Goebel's and Edriss' breweries, in this city, and combine them as one establishment after to-morrow. Negotiations are on for two additional breweries, for which additional capital will be subscribed. The Detroit brewers received \$425,000 for their properties, which were placed in the hands of the English company for \$700,000. The English corporation has a capital stock of \$600,000, and bonds the property for \$200,000 additional, all of which goes into the business.

A meeting of creditors is called for Friday. The concern did a business of about \$250,000 a year in the manufacture of shoes.

Murder Trial.

LOCKHAVEN, Pa., May 15.—The trial of Charles Cleary, for the murder of Chief of Police Paul, at Renora, March 12 last, was commenced here yesterday before Judge Mayer. A jury was sworn by noon. Indictments have also been found against Spotts and McVicker, the saloon keepers who sold young Cleary drink before the shooting, for selling liquor to minors. The state will insist on a verdict of murder in the first degree, while the defense will be devoted to saving Cleary from hanging.

Women Missionaries.

BOSTON, May 15.—At the afternoon session of the women's board of missions, Mrs. C. C. Crouse, of Chicago; corresponding secretary, Miss M. G. Burdett, of Chicago; recording secretary, Mrs. Thome Miller, of Cincinnati; treasurer, Mrs. R. B. Donnelly, of Chicago.

Murder in the First Degree.

Back in Washington.

Land Office Clerks Direct From Oklahoma.

WHAT THEY HAVE GOT TO SAY.

A Different State of Affairs Existing to What Has Been Heretofore Reported.

Interesting Details—Other Washington Dispatches.

WASHINGTON, May 15.—The clerks sent to Oklahoma from the general land office to assist in recording the entries have returned to Washington. They all spoke favorably of the country, but complain of the lack of water, the penetrating sand and the general lack of order. Mr. Pike, who was at Kingfisher, said when he left 800 entries had been made at that office out of a possible 5,000. The office was up in its work, and the force there was sufficient to keep up with current business. Wells were being sunk and bored, and good water was being obtained, about seventy-five houses had been erected; gambling was in full bloom, and the gamblers were charged \$100 per month for the privilege of running their establishments. They were run openly, and there seemed to be no end of them.

Some few of the settlers around Kingfisher had begun to break land, but most of them were returning to their old homes to settle up their affairs with the intention of returning to Oklahoma in the fall. There would be, he said, many contests sent to Washington for settlement, but in some instances the settlers were compromising their differences. There were, so far as he knew, no charges of fraud against government officials at Kingfisher.

Mr. Henry Wahley was at Guthrie, when he left Friday 1,000 entries had been received out of a possible 5,000, making a possible total of 10,000 entries for the entire territory. The work was all up and could be easily handled by the force now there. Like Mr. Pike, he reports a great scarcity of water. At first it could with difficulty be had at ten cents a glass. The water in the Cottonwood river was blackish and hardly fit to drink. There were but few fish in that stream and they were not fit to eat. Some few houses had been erected and gradually the place was assuming the aspect of a town. The gamblers were as numerous as the settlers. They paid \$10 per day for the privilege of running their places.

Both Mr. Pike and Wahley say there were no vegetables to be had in Oklahoma, but plenty of meat. The order keeping whisky out of the territory was in their opinion a good one, for if it had been plentiful, in the absence of good water, great disorder must have prevailed.

Mr. Wahley said he had heard frequent charges of fraud against government officials at Guthrie, but had no personal knowledge of them, and in view of the fact that Secretary Noble was now investigating them, he, as a mere clerk, would rather not make public his impressions and suspicions.

Listening to Complaints.

WASHINGTON, May 15.—Assistant Secretary Tichenor, of the treasury, gave a hearing to representatives of lumbermen in regard to duties imposed on mahogany boards and planks. Messrs. A. J. Constantine, T. S. Constantine, R. B. Constantine, W. E. Uptegrove and Gen. W. W. Dudley argued that the decision rendered by the treasury department in January, 1887, placing a duty of \$2 per 1,000 feet on mahogany planks and boards, should be reversed so as to classify such planks and boards as manufactures of mahogany wood, dutiable under the schedule at 35 per cent. ad valorem. Frank H. Platt, appeared as counsel I. T. Williams, and contended that the decision of the department should be adhered to. Mr. Tichenor took the matter under consideration.

How the New York Count Came Out.

WASHINGTON, May 15.—The recent count of money at the New York sub-treasury revealed a discrepancy of \$35 out of a total sum of \$184,000,000 to be accounted for. The shortage resulted from the acceptance of a few counterfeit notes in the hurry of business and by the loss of a few pieces of silver. The deficiency was promptly made good and a receipt in full given to ex-Treasurer Hyatt, who was responsible under his bond for the entire amount.

Asked and Got It.

WASHINGTON, May 15.—Postmaster Van Colt, of New York, was at the post-office department to-day, and had interviews with Postmaster General Wamaker and First Assistant Postmaster General Clarkson in regard to an increase of force in the New York office. LABOR NEWS.

A Two Days Conference Does Not Accomplish Anything.

BRAZIL, Ind., May 15.—The two days' conference between the coal operators' state executive board and the miners' delegation ended yesterday with the operators formal refusal to arbitrate. The operators demand a reduction from ninety to seventy cents on block and from seventy-five to sixty cents on bituminous, the biggest cut ever made in the history of the coal trade in the west.

They base their refusal to arbitrate on the ground that under-bidding by Ohio, Pennsylvania and Illinois operators makes it impossible to get a market at a less reduction. Seven thousand miners in the state are affected by the decision. All negotiations are considered off, and there is no alternative for the miners but to accept the reduction or remain idle.

End of a Strike.

PITTSBURG, May 15.—The strike at the Allegheny Bessemer works at Duquesne is broken, the company being able to run all department with non-union men. Some of the strikers are leaving town. Fifty deputy sheriffs remain on duty, but no trouble is expected.

PITTSBURG, May 15.—The railroad coal miners of this district who struck for seventy-four cents a ton, have accepted seventy-three cents, and about 7,000 men will resume work.

Suspicious of Murder.

LAPORTE, Ind., May 15.—The Kennedy drowning case at Michigan City has taken a sensational turn, and it is now believed that he was murdered and thrown into the lake. John Schmilgenburg, a night watchman in a lumber yard, says he now remembers of seeing two men dragging young Kennedy across the bridge, and the next thing he heard was a splash in the water just south of the bridge. The man's stories are so conflicting that he has been placed under arrest to await further developments. Several bad bruises on Kennedy's head give considerable color to the theory of foul play.

The "Andover Controversy."

NEW HAVEN, Conn., May 15.—Rev. John E. Russell, professor of Biblical theology at Yale, has resigned, on account, it is supposed, of a difference of opinion in regard to the "Andover controversy," the professor siding with the Andover professors. The resignation causes surprise and general regret. The senior theological class, on learning of it, met and adopted resolutions of regret, and appointed a committee to convey the resolutions to the president of the university. Professor Russell has been very popular as an instructor.

The Election in Dakota.

JAMESTON, Dak., May 15.—The election of delegates to the constitutional convention in North and South Dakota, was held yesterday. The North Dakota convention will consist of seventy-five members, and will meet at Bismarck, July 4, to frame a constitution for the new state. In this district two Republicans and one Democrat were elected. Springer's minority representation scheme was tried and the people were dissatisfied with the result. It insures the election of twenty-five Democratic delegates.

Crushed by Falling Iron.

DETROIT, Mich., May 15.—A terrible accident occurred at the Michigan Car works yesterday afternoon by which one man lost his life and three others were fatally injured. A gang of laborers were unloading a car of iron when some part of the brace holding the car broke, and several tons of iron fell on the men, completely burying them. When the victims were liberated, Joe Benscotte was dead and his three companions were mortally injured. All are Germans and leave large families.

MINNEAPOLIS, Minn., May 15.—The Journal's Winnipeg, Man., special says: The Free Press repeals its charges of corruption against Premier Greenway. The Good Templars' convention is over, and as Mr. S. D. Hildon, the Secretary, will give full reports of it the only thing left for us to say is, that it was a very enjoyable affair.

Miss Mary A. Lommons, aged ten, delivered a very good sermon at the M. E. Church last Monday night to a crowded and delighted audience. She is a member of the Christian Church, and whether she gets up her sermons or not, she certainly deserves credit for her marvelous memory. In height, she is a little over four feet, very young in appearance, a fine conversationalist, and has a splendid voice and excellent delivery. She will preach in Maysville the latter part of this month, and your citizens will, with ours, join in her praises after hearing her.

MAYSVILLE.

We had a good rain Sunday night and another Monday, and yet we need more.

John Carnahan, of Maysville, with his force came up Monday to paint Judge Wilson's fine mansion. A good job may be looked for. Carnahan and his hands are stopping at the Stonewall House.

A protracted meeting will begin at the Christian Church on the fourth Sunday in this month. Elder G. W. Yancey is expected to be the minister. He is a power with himself, and to announce his name will delight hearts that know him. All are cordially invited to attend and enjoy the "Gospel Feast." The pastor will make you welcome to his own congenial way.

A startling report was received a few days since purporting to come from Washington City to the effect that A. M. Lang was dead. A telegram was sent and in forty minutes a reply was received that he was O. K. Mr. Lang returned home since, looking to be the liveliest, corpulentest man.

"Indian Bill" announced he would preach here last Friday evening, but he showed up behind the bars in jail at Vanceburg to await trial for shooting and beating his child to death. He thinks he will be cleared, and says he will set out with the witnesses who have appeared against him. He took all their names at the examining trial.

Resolved, That we tender a vote of thanks to Colonel T. B. Demaree, our G. C. T., for his kindness and patience in answering questions and for his instructions.

Resolved, That as we go from this town we will use our best efforts to advance the cause of temperance wherever our lot is cast.

Resolved, That we petition the Grand Lodge of I. O. G. T., of Kentucky, to issue and circulate petitions memorializing the State Legislature to submit the question of Constitutional Prohibition to a popular vote of the people at a special election.

Resolved, That when submitted, we pledge our every effort to secure its adoption, believing that nothing short of Constitutional Prohibition will prove a solution of this question.

During the convention the audience were entertained at intervals with appropriate recitations by Mrs. Moore, Mrs. Winstead, Miss Sadie Broshers and Miss Emerine Coleman. These recitations were well selected and well delivered. The music by the choir and the bands was an enjoyable feature of the meeting. Colonel Demaree delivered a short address each evening. Addresses were also delivered by Mrs. Moore and Mrs. Winstead. W. T. Tucker, of Rising Star Lodge, is referred to as deserving special mention for the efficient performance of his duty.

The lodge adjourned to meet the second Tuesday in November, 1889.

FOR STATE SENATOR

Charles B. Poyntz Unanimously Named as the Democratic Candidate.

The Convention Ratifies the Action of the County Meetings—Proceedings in Full.

The convention to nominate a Democratic candidate for State Senator was held yesterday afternoon at the court house.

The delegates had little to do but ratify the action of the county conventions held a few weeks since, and Mr. Charles B. Poyntz received the nomination unanimously.

Major Thos. J. Chenoweth, Chairman of the Democratic Executive Committee, called the house to order at 2 o'clock, and, after stating the object of the convention, declared nominations in order for temporary Chairman.

W. L. Wallace, of Mason, nominated J. H. McElhany, of Lewis, for the position, and Mr. McElhany's election was unanimous. He expressed his thanks, briefly, for the honor.

T. B. Bullock, of Lewis, nominated Martin A. O'Hare for Secretary, and T. M. Wood named Dr. W. H. Campbell, of Lewis, and W. P. Campbell, of Mason, for assistant secretaries. Their election was unanimous.

On motion, the chair appointed the following committees:

Credentials—L. H. James and John Cox, of Lewis; and T. M. Wood, M. F. Kehoe and W. L. Wallace, of Mason.

Resolutions—T. B. Harrison and Joseph Sparks, of Lewis; and M. J. McCarthy, Hon. E. Whitaker, James Wallace and John Collopy, of Mason.

The Committee on Resolutions reported the following:

Resolved, That the resolutions adopted at the State convention of the Democratic party on the 8th day of the present month at Louisville, Ky., meet our hearty approval and endorsement and we hereby adopt them and present them to this convention for adoption.

Resolved, That we hereby approve of the recommendation made by the Democrats of Lewis County in convention assembled in relation to a candidate to represent the counties of Lewis and Mason in the Senate of Kentucky and heartily adopt said recommendation and pledge our hearty support to Mr. Charles B. Poyntz, of Mason County.

The Committee on Delegates reported the following entitled to a seat in the convention:

From Lewis County—John Cox, Joseph Sparks, T. B. Harrison, Dr. W. H. Campbell, T. B. Bullock, L. H. James and J. H. McElhany.

From Mason County—Martin A. O'Hare, C. B. Pearce, Jr., John Mason, T. J. Carley, Hon. E. Whitaker, M. F. Kehoe, J. Chan Jefferson, W. W. Worthington, M. J. McCarthy, W. S. Watson, John Collopy, E. L. Hutchinson, Thos. Cummins, T. M. Wood, James Daly, G. W. Oldham, John Wheeler, C. L. Stanton, W. L. Wallace, John Moore, Sam Raymond, John Archdeacon, John Moran.

Both reports were adopted, after which, on motion of T. B. Bullock, the temporary organization was made permanent.

Nominations for State Senator were declared in order.

T. B. Bullock nominated Charles B. Poyntz and Hon. E. Whitaker seconded the nomination.

On motion, Mr. Poyntz's nomination was made unanimous.

The nominee was escorted to the stand, and thanked the convention for the honor.

Mr. Bullock then moved that the proceedings be published in the Democratic papers of the district, after which the convention adjourned.

PUBLIC LIBRARY BENEFIT.

The Entertainment Will Be Given the 7th of June—Something About the Programme.

The date of the contemplated entertainment for the benefit of the public library has been fixed by the Board of Directors for June 7th, next.

A full text of the programme will be given to our readers in a few days. The entertainment will be both literary and musical, and the very best available talent has been engaged to take part.

Dr. I. N. Thayer, pastor of the Christian Church, recently from Worcester, Mass., a ripe scholar and accomplished speaker and widely known as a pulpit orator and a public lecturer, has kindly consented to deliver a short address. Other literary exercises consisting of appropriate recitations will be a feature of the entertainment.

A fine musical programme under the directorship of Miss Sarah P. Wilkins, teacher of music in Hayswood Seminary, and Dr. J. T. Strode will add grace and gladness to the reason and rhetoric of the occasion. Haucke's Reed and Brass Band have generously accepted a place on the programme and will render a few of their choicest pieces. A rare treat is in store for the community.

Tickets will be placed on sale in a few days in the hands of the committee chosen to sell them, and the city and county should see to it that no vacant seats appear at the opera house on the evening of June 7th. If properly encouraged the Board of Directors of the library are determined to secure for the county and city an institution worthy of the intelligence and refinement of our people.

The Portsmouth accommodation is the fastest train on the C. & O. under the new schedule. It runs from Portsmouth to Cincinnati in four hours and makes forty-one stops. The "F. F. V." beats it only thirty minutes and makes but four stops.

The works at Schenectady, N. Y., have turned out an engine that it is guaranteed to draw a train of fifteen heavy passenger coaches at the rate of sixty miles an hour. In case of failure the builders are to forfeit half of its price. The engine is of the Mogul, consolidated style, with six drive wheels, 5 feet 6 inches in diameter, and weighs 8 tons.

Chambers & Marshall Against Baldwin.

The Superior Court in affirming the above case appealed from this county, says:

Malevolently procuring one to break his contract with another is not an actionable wrong.

Plaintiffs made a contract with one W. for the purchase and delivery of a lot of tobacco at an agreed price. The market price of tobacco advanced to such an extent that plaintiffs were damaged by the failure of W. to comply with his contract in the sum of \$1,000. W. was insolvent and plaintiffs were for that reason without remedy as to him. Defendant knowing of the contract and that W. was insolvent did on account of his personal ill will to plaintiffs, and with the design to injure plaintiffs and to benefit himself, advise and procure W. to break his contract with plaintiffs, and but for defendant's malicious advice and procurement W. would have performed his contract.

Held—That these facts do not entitle the plaintiffs to maintain an action against defendant.

Cochran & Son and Wall and Worthington for appellant, Wadsworth & Son for appellee.

The German Strikers.

They Lay Their Complaints
Before the Emperor

WHO GRANTS THEM A HEARING.

He Tells Them That If They Are Quiet

Will Be Ordered to Do Their Duty.

Other Foreign Dispatches.

BERLIN, May 15.—The rioters took possession of the Prince Regent's pit in Westphalia yesterday and prevented men who wished to resume work from doing so were finally overawed and dispersed by the troops. The mining masters have sent a deputation to lay their case before the emperor, who will receive them to-morrow. Large quantities of English and Belgian coal arrived at Essen yesterday, and further shipments are expected.

The kaiser yesterday received the strikers committee from Schroder, Bulle and Siegel, granting them audience of fourteen minutes duration. Herr Herrfurth, Prussian minister of the interior, who returned to Berlin from a tour of inquiry at Gelsenkirchen and other places in the disordered region on Sunday, was present. The emperor gravely listened to the recital of the grievances of the strikers by the delegates, and occasionally put questions to them to inform himself on certain points.

In reply to their statement he said: "I have a deep personal interest in the welfare of my subjects in Westphalia, as elsewhere. I have carefully followed the progress of the struggle and have ordered a thorough inquiry to be made. I have been warned of the plottings of political and especially Socialist agitators, and am grieved that the strikers should have indulged in rioting, which it is impossible for me to tolerate. Tell your fellows that the emperor himself, if necessary, will order the troops to bayonet and shoot rioters, but if the men are quiet and orderly the emperor will protect them."

In conclusion the kaiser expressed hope that the employers and employees would be able to settle their differences without the necessity for the interference of the government.

The Berlin Post urges the government to arbitrate the questions at issue between the masters and the miners as a means of preventing further bloodshed.

Waiting for a settlement.

LONDON, May 15.—It is now regarded as almost absolutely certain that the government will make no proposals with reference to the office of viceroy of Ireland until the ministry moves a local government bill for Ireland in the house of commons next year. Then the office will probably be abolished, and the government of the country placed in the hands of the chief secretary for Ireland, who will be promoted to the dignity of a secretary of state. Meanwhile efforts are continued to induce a member of the royal family to accept the position of lord lieutenant for a year, and there is every likelihood of their being successful. It is said that the Prince of Wales has intimated that he would not be averse to residing in Dublin half the time, and this hint has been widely circulated as evidence that his royal highness will be the next viceroy of Ireland.

Attempt on the Czar's Life.

LONDON, May 15.—A dispatch from Vienna gives a version of the attempt to take the life of the czar at Galschina, last Friday, news of which was telegraphed from Paris yesterday. The story in circulation in Vienna is that the czar was walking in the garden of the palace, when he was approached by an officer who fired a revolver at him, slightly wounding him in the forearm. The guards near at hand rushed forward to seize the man, but before they could reach him he placed the pistol to his temple and shot himself dead. The czar has ordered M. De Giers, brother of the Russian minister of foreign affairs, to proceed to Levonia and report to him personally the attitude of the Lutherans in that district, and the causes of their discontent with the religious administration in their region.

Kicking Against an Athlete.

BERLIN, May 15.—Herr Grauth, a prominent councillor of Giessen, and widely known as a leading athlete, has been elected mayor of that city. The religious element have made a great outcry against his taking his seat, and it is doubtful whether the government will confirm his election. He was elected by his fellow councillors without a dissenting vote, and solely upon the ground of his administrative fitness.

Insulted the Young Prince.

BERLIN, May 15.—A potter at Gross Lichterfelde has been sentenced to nine months' imprisonment at hard labor for insulting Crown Prince William, aged 7 years. The young prince, accompanied by his nurse and one of his brothers, was passing the potteries in a carriage when the potter, standing by the roadside, applied an insulting epithet to him.

BOTH FATALLY SHOT.

A Family Quarrel Ends in the Death of the Two Principals.

DETROIT, Mich., May 15.—Late yesterday afternoon William Smith, a Grand River avenue produce merchant, and his son-in-law, Peter Hartswell, a portrait painter, fatally shot each other in a family quarrel in front of the former's place of business. Hartswell was trying to persuade his wife, who had left him some time ago, to return and live with him, when Smith interfered.

A quarrel ensued, which led to blows, and finally Smith drew a revolver and shot Hartswell in the left breast. Hartswell reciprocated, firing several shots, taking effect in Smith's head and arms. Hartswell also snatched the revolver at his wife, but it failed to discharge. Smith is 60 and Hartswell 50 years of age. Both men are well known in this vicinity.
